

I want to add my support to the effort to sanction Clear Channel Communications for the verbal assault and incitement to assault cyclists by the on air 'personalities' Bob and Madison on G-105. As a bicycle patrol certified police officer in Virginia I take it personally when foolish, ignorant individuals make cycling even more dangerous for law abiding riders. Urging others to assault someone is a clear violation of the law and I would hope that it is also a violation of FCC policy. I hope the FCC takes the strongest possible action against Clear Channel and Bob and Madison. Thank you for this opportunity to comment.
